

# GET UP TO \$40,000... TO SECURE YOUR FUTURE IN MONTGOMERY COUNTY.

# MONTGOMERY HOMEOWNERSHIP PROGRAM

The Montgomery Homeownership Program, a partnership between the Maryland Mortgage Program and Montgomery County, gives eligible homebuyers purchasing in Montgomery County **up to \$40,000** in down payment assistance.

This financial incentive is provided by Montgomery County to help working families and first-time home buyers achieve affordable homeownership in the County. Eligible homebuyers can take advantage of this assistance by purchasing their home through the Maryland Mortgage Program, which has helped thousands of families achieve homeownership and comes with the security that only the state's flagship homeownership program can provide.
