MARYLAND MORTGAGE
Making Homeownership Affordable
Information Kit
Who Administers the Maryland Mortgage Program?

The Maryland Mortgage Program is provided by the Maryland Department of Housing and Community Development (DHCD). The agency’s Division of Development Finance, also known as the Community Development Administration (CDA), is the state’s Housing Finance Agency, a state-chartered authority that helps meet the affordable housing needs of the residents of Maryland.
Program Terms & Definitions

A First Time Homebuyer

- Hasn’t owned a home ANYWHERE in the last three years; or
- Is purchasing in a Targeted Area; or
- Is a veteran using their exemption or the first time

*This is not the same definition used for determining recording tax!*

Homebuyers using the First Time Advantage product line or getting a Mortgage Credit Certificate (MCC) must be first-time homebuyers. Even if the borrower does not have to be a first-time homebuyer, they still may not own a residence at the time of closing. Property must be “Owner Occupied” and may not be an investment property, second home or have non-occupant co-signers.

Debt-to-Income Ratio (DTI)

DTI ratio is calculated by dividing monthly debt payments by monthly gross income. The ratio is expressed as a percentage, and lenders use it to determine how well a borrower manages monthly debts - and if the loan is affordable. The maximum DTI for Maryland Mortgage Program loans is 50% for FannieMae loans, and 45% for most other loans, although some specific loan products have a more restrictive limit. The lender can check this specifically for each product on the individual fact sheets. There are no exceptions to the established DTI limit.

Rates/Reservations/ Locking a Loan

Rates are posted on the website here: mmp.Maryland.gov/interestrates

They change to reflect the market; this can be daily or even more often. When the lender completes the reservation in the Maryland Mortgage Program Lender Online system, the rate is committed. The loan must be purchased by the master servicer within 105 days or the reservation will be canceled. If a reservation gets canceled, the borrower must wait six months before using the program.

Income, Loan and Purchase Limits *(vary by county)*

- Household income limit depends on size of household (includes everyone over 18).
- Liquid assets are limited to less than 20% of the purchase price (401K doesn’t count).

Income, loan and purchase limits are on the website here: mmp.Maryland.gov/income

Credit Score (FICO)

Minimum middle credit score of 640 (some products have higher minimums).

Lenders

Maryland Mortgage Program loans must be done through an approved MMP lender; there are more than 100 lenders. Many (but not all) of them also offer the Maryland HomeCredit (mortgage credit certificates, see pg. 3).

Lender information is posted on our website here: mmp.Maryland.gov/findlender
# Product Line

The Maryland Mortgage Program has a dual track product line which includes the 1st Time Advantage loan products and the Flex products. We also offer some specialty loans for specific types of borrowers as well as mortgage enhancements. See the table below:

</tr>
</tbody>
</table>

For more information, talk to an approved Maryland Mortgage Program lender or review the product descriptions and fact sheets on our website: mmp.Maryland.gov/Programs
Partner Match Program
We have employers, builders, and community organizations who have signed up to partner with MMP to help Maryland homebuyers using the 1st Time Advantage 5000 or the Flex 5000 loan product. Both products come with $5,000 in a zero percent deferred second loan to help with down payment and closing costs, and partner assistance can be matched up to $2,500.
For more information, mmp.Maryland.gov/PartnerMatch

Maryland HomeCredit Program
The Maryland HomeCredit Program provides eligible homebuyers with a federal tax credit that may be claimed annually, the value of which is equal to 25% of the value of mortgage interest payments (up to $2,000) paid each year, for the life of the loan (i.e. until payoff, sale, refinance or transfer). A Maryland HomeCredit can save a homeowner tens of thousands of dollars over the life of a home loan, and makes owning a home even more affordable. For more information, mmp.Maryland.gov/MDHomeCredit

Maryland Smart-buy Program
Maryland SmartBuy helps homebuyers with qualifying student debt purchase a home. The program works by paying off student debt during the purchase of your home through special Maryland Mortgage Program financing and rolling it into a five-year forgivable loan.

Realtor Information

Utilizing the services of an experienced real estate professional can help borrowers with the homebuying process. Maryland REALTORS® (mdrealtor.org) provides training to licensed real estate agents in Maryland focusing on first time homebuyer programs, especially the Maryland Mortgage Program. Upon completion of this training, agents receive their Housing Opportunity Certification (HOC), and this means that they can provide homebuyers with up-to-date and useful guidance on using the Maryland Mortgage Program. You can locate agents in your area that have achieved this certification by visiting Maryland REALTORS®’s homebuyer website at marylandhomeownership.com, clicking on First Time Home Buyers, and selecting Find a REALTOR.

REALTOR FAQ:

- Household income limit depends on the size of the household (includes everyone over 18) and where the property is being purchased; see mmp.Maryland.gov/income
- Property must be “Owner Occupied” and may not be an investment property, second home or have non-occupant co-signers.
- Homebuyer Education is required prior to closing.
- Minimum middle credit score of 640 (some products have higher minimums).
- Debt-to-income (DTI) ratio cannot exceed 50% for FNMA loans and 45% for other loans—no exceptions.
- Liquid assets are limited to less than 20% of the purchase price (401K doesn’t count).
- New home construction (newer than one year) must be located in a Priority Funding Area Mobile homes do not qualify and condominiums must be approved by the insurer (FHA/FNMA).
- Priority Funding Areas and Targeted Areas can be confirmed by using our online interactive mapping tool: mmp.Maryland.gov/maps
- MMP follows the FNMA "no-flip" policy

Loan Product Calculator

The Maryland Mortgage Program Loan Product Calculator can help you identify which of the dual track product line is the best fit based on very basic criteria. Additional factors will be reviewed by the lender before a homebuyer can be qualified for a loan. The estimated monthly payments are for principal and interest only (based on current MMP interest rates, which are locked at the time of reservation), and do not include taxes, insurance, or any escrows; a more complete estimate is provided by the lender. The calculator does not identify eligibility for mortgage credit certificates, which must be determined separately by a lender approved to offer the Maryland HomeCredit Program.

The calculator is available online, mmp.maryland/calculator

Loan Product Calculator Worksheet

To prepare for using the calculator, you can use this worksheet to gather the necessary information:

1. Are you a first-time homebuyer? ☐ YES ☐ NO  
   (see page 1 of this kit for the definition of “first-time homebuyer”)
2. Is this house going to be your primary residence? ☐ YES ☐ NO
3. Do you have student debt? ☐ YES ☐ NO
4. Total household income (everyone over 18)?
5. Household size?
6. What is the purchase price of the property you plan to buy?
7. How much will you have for down payment?
8. What is the location of the property? (county or Baltimore City)

The Maryland Mortgage Program website also has a calculator for estimating the benefit of the Maryland HomeCredit (mortgage credit certificate).

- Go to the Maryland HomeCredit page: mmp.Maryland.gov/MDHomeCredit
- Enter the first mortgage interest rate, first mortgage amount, and the date of the first mortgage payment.
- The calculator will estimate the savings for the life of the 30-year mortgage.
