Maryland HomeCredit Program

The Maryland Home Credit Program is no longer offering new mortgage credit certificates (MCCs). In the case of refinance (with or without an MMP first mortgage), a homeowner with an existing MCC can get the certificate reissued through an MMP lender approved to offer the program (as an MCC-ONLY REISSUE). The fee would be \$450 to CDA and up to \$350 to the lender.

Asset Restrictions

- Borrowers' liquid assets may not exceed 20% of the sales/purchase price (not including 401K or retirement).
- A “gift of equity” (difference between the appraised value and the purchase price) in a non-arms length transaction is considered an asset.
- An asset test is required for borrowers whose assets equal or exceed 20% of the sales/purchase price.
- **The asset test requirement applies regardless of whether DPA is being utilized.**

Homebuyer Education (HBE) Requirements

- All homebuyers must take homebuyer education and receive a certificate.
- The mandatory homebuyer education must meet the guidelines of the insurer, US Bank, and any funding source.
- MMP allows any class—online or in person—approved by HUD, Fannie Mae, Freddie Mac, or the private mortgage insurers, as long as a dated certificate is issued within 12 months prior to closing (all homebuyers must get a certificate).
- Borrower must still meet the requirements of the master servicer, insurer or funding source, including for any non-MMP assistance funds.
- MMP encourages HBE completion prior to contract.
